

CMU
SPRING CARNIVAL '73

cmu: a space oddity

WHAT'S THERE TO DO?

Spring Carnival Week-end prides itself on having 'something for everyone.' After an exciting morning at the buggy races, join the crowd at the IM field at noon for a Spring Carnival picnic. Following lunch, try to relive your childhood experience of kite flying. At one o'clock the real fun begins — seeing your favorite (?) faculty member LOSE the egg toss. Or maybe you're a frisbee champ — so test your skills at the frisbee tournament. If you're an avid sports fan, don't miss the action packed girls' relays. Remember that all afternoon the arts festival is open in Skibo and the Midway is open until 10:00 P.M.

MIDWAY

One of the most exciting happenings at CMU is the annual Spring Carnival. This year's will prove to be even more fun-filled than ever.

The groups begin to prepare their booths many weeks before Carnival Week-end, and reveal their fantastic oddities on Blast-Off Day. After the countdown, you'll want to blink your eyes to rid them of the cosmic dust, and there, right in front of you, will be a Midway of contraptions, strange even to this galaxy.

SWEEPSTAKES

The biggest thrill of the weekend comes at the Annual Sweepstakes Buggy Races. Tension and excitement are in the crisp spring air as devoted push teams prepare for their two and one half minute race. Thousands of students, alumni and friends gather to cheer their favorite team on. These few minutes of racing culminate months of practice for the drivers and push teams and years of work in construction of the fastest and most highly complicated buggies in the world. This year there is one exhibition heat and eight preliminary heats to Saturday's exciting final races.

IF IT RAINS FRIDAY

all races are held Saturday 9:00 a.m.
best time wins

IF IT RAINS SATURDAY

best times from Friday win
There will be no races on Sunday
